Clockwise from top left: Elfman Strauss, Plue, Makarov Dreyar, Lucy Heartfilia, Happy, Natsu Dragneel, Cana Alberona, Loke, Gray Fullbuster and Mirajane Strauss The Fairy Tail manga and anime series
features an extensive cast of characters created by Hiro Mashima. The series takes place primarily in the fictional universe Earth-land, where several of its residents perform various forms of magic. Those who practice magic as a profession, referred to as wizards (魔導士, madōshi),[vol. 2:translation notes] join guilds
where they share information and do paid jobs for clients. The series' storyline follows a group of wizards from the rambunctious titular guild. In the early part of the series, they form a team including:
Happy, a flying cat and best friend of Natsu; Gray Fullbuster, an ice wizard; and Erza Scarlet, a knight who specializes in using various magic weapons and guilds in Fiore. They also encounter various antagonists from illegal "dark" guilds, and Zeref, an
ancient wizard who is the series' main antagonist. When creating the series, Mashima was influenced by Akira Toriyama, J.R.R. Tolkien and Yudetamago and based the guild on a local bar. He also used people as references in designing other characters have been well-received overall. Creation and conception When Hiro Mashima was
creating Fairy Tail, he cited Akira Toriyama, J. R. R. Tolkien, and Yudetamago as influences on his work.[1][2] He based the titular guild on a local bar he was visiting at the time.[3] He based on one of his friends, who gets sick when they take taxis
together. He has said that his father's death influenced the relationship between Natsu and the dragon Igneel.[1] Del Rey Manga, the original North American publisher of Fairy Tail, explained that Mashima provided them with official English spellings for "just about all" the characters in the series.[vol. 2:translation notes] When Funimation
Entertainment acquired the license to release the Fairy Tail anime in North America, Mashima's worried about actor Todd Haberkorn's voice since the Natsu character did a lot of yelling throughout the series. [4] Tyler Walker, the voice director for Funimation's adaptation, revealed that there was a "Fairy Tail tea" that the voice actors drank after
each recording session to protect their voices.[4] Walker likens Fairy Tail to the Scooby-Doo franchise: "it's got a core group of characters, with one talking animal, sometimes two...they travel, it's episodic...you know, we've seen this kind of thing before with the core group that's affiliated in some way going through adventure after adventure".[5]
Main Fairy Tail members The protagonists of the series are members of the titular guild, Fairy Tail (妖精の尻尾, フェアリーテイル, Feari Teiru), where they comprise what their fellow members regard to be the guild's most powerful team due to their high magical strength and teamwork. [ch. 22] It initially consists of Lucy Heartfilia, Natsu Dragneel, and
Happy at the suggestion of the celestial spirit Plue shortly after Lucy's induction into the guild,[ch. 4] and later expands to include Gray Fullbuster and Erza Scarlet after several shared missions together.[ch. 69] Wendy Marvell and Carla are also considered to be members of the team.[citation needed] Natsu Dragneel Main article: Natsu Dragneel

are designed to combat dragons. Using his Fire Dragon Slayer Magic (火の滅竜魔法, Hi no Metsurū Mahō), Natsu is immune to flames and capable of consuming them to fuel his attacks, which include breathing fire and igniting any part of his body for use when striking; however, he suffers from motion sickness when he is in a vehicle of any sort.[ch. 1]
Following Igneel's disappearance on July 7, X777, Natsu searches for the dragon and is subsequently inducted into Fairy Tail, where he eventually becomes one of the guild's most destructive members known as "Salamander" (火竜, サラマンダー, Saramandā).[ch. 2] Eventually, it is revealed that Natsu is a demon known as "Etherious Natsu Dragneel"
(E.N.D.) who was sent 400 years from the past by his brother, Zeref Dragneel, as part of a larger conspiracy to kill both Zeref and the evil dragon Acnologia.[ch. 465] Lucy Heartfilia (ルーシィ・ハートフィリア, Rūshii Hātofiria) is the series' main
female protagonist. She is the seventeen-year-old debutante of the wealthy Heartfilia family who embarks on a journey to join Fairy Tail, which she fulfills after Natsu Dragneel rescues her from a slave trader posing as a Fairy Tail, which she fulfills after Natsu Dragneel rescues her from a slave trader posing as a Fairy Tail, which she fulfills after Natsu Dragneel rescues her from a slave trader posing as a Fairy Tail member under his own moniker of "Salamander".[ch. 1] She performs paid guild missions together with Natsu and Happy
to fund her rented house in Magnolia,[ch. 4] and is often exasperated when her teammates inadvertently reduce their reward due to their destructive antics.[ch. 70] She is also an aspiring novelist who eventually publishes her debut novel based on her experiences at the guild at the end of the series.[ch. 9, 545] As a celestial wizard (星霊魔導士, seirei
madōshi), she uses magical keys that summon celestial spirits, collecting ten out of twelve rare golden keys that summon the powerful zodiac spirits with a whip,[ch. 115] and eventually gains the ability to don magical Star Dresses (星霊衣, スタードレス, Sutā Doresu) that
give her direct access to her zodiac spirits' powers.[ch. 422] Happy Main article: Happy (manga character) Voiced by: Rie Kugimiya[6] (Japanese); Tia Ballard[7] (English) Happy (Main article: Happy (manga character) Voiced by: Rie Kugimiya[6] (Japanese); Tia Ballard[7] (English) Happy (Main article: Happy (manga character) Voiced by: Rie Kugimiya[6] (Japanese); Tia Ballard[7] (English) Happy (Main article: Happy (manga character) Voiced by: Rie Kugimiya[6] (Japanese); Tia Ballard[7] (English) Happy (Main article: Happy (manga character) Voiced by: Rie Kugimiya[6] (Japanese); Tia Ballard[7] (English) Happy (Main article: Happy (manga character) Voiced by: Rie Kugimiya[6] (Japanese); Tia Ballard[7] (English) Happy (Main article: Happy (manga character) Voiced by: Rie Kugimiya[6] (Japanese); Tia Ballard[7] (English) Happy (Main article: Happy (manga character) Voiced by: Rie Kugimiya[6] (Japanese); Tia Ballard[7] (English) Happy (Main article: Happy (manga character) Voiced by: Rie Kugimiya[6] (Japanese); Tia Ballard[7] (English) Happy (Main article: Happy (manga character) Voiced by: Rie Kugimiya[6] (Japanese); Tia Ballard[7] (English) Happy (Main article: Happy (manga character) Voiced by: Rie Kugimiya[6] (Japanese); Tia Ballard[7] (English) Happy (Main article: Happy (manga character) Voiced by: Rie Kugimiya[6] (Japanese); Tia Ballard[7] (English) Happy (Main article: Happy (manga character) Voiced by: Rie Kugimiya[6] (Japanese); Tia Ballard[7] (English) Happy (Main article: Happy (manga character) Voiced by: Rie Kugimiya[6] (Japanese); Tia Ballard[7] (English) Happy (Main article: Happy (manga character) Voiced by: Rie Kugimiya[6] (Japanese); Tia Ballard[7] (English) Happy (Main article: Happy (manga character) Voiced by: Rie Kugimiya[6] (Japanese); Tia Ballard[7] (English) Happy (Main article: Happy (manga character) Voiced by: Rie Kugimiya[6] (Japanese); Tia Ballard[7] (English) Happy (Main article: Happy (manga character) Voiced by: Rie Kugimiya[6] (Main article: Happy (manga character) Voiced by: Rie Kugi
magic ability called Aera (翼, エーラ, Ēra), Happy can transform into a winged cat and fly at great speeds.[ch. 3] Before the beginning of the series, Happy is hatched from an egg found by Natsu and Lisanna Strauss, who name
him "Happy" after his birth quells an argument the rest of the guild were having.[vol. 15:omake] Eventually, Happy discovers his origins as an Exceed from Edolas,[ch. 178] where he is separated from his parents Lucky (ラッキー, Rakkī) and Marl (マール, Māru) before birth as part of their queen's plan to evacuate 100 Exceed children to Earth-land
before their kingdom's destruction.[ch. 177, 198] Gray Fullbuster Voiced by: Yuichi Nakamura[6] (Japanese); Newton Pittman[7] (English) Gray Fullbuster Voiced by: Yuichi Nakamura[6] (Japanese); Newton Pittman[7] (English) Gray Fullbuster (グレイ・フルバスター, Gurei Furubasutā) is an eighteen-year-old ice wizard who is a brothers in arms with Natsu because of their same personalities and magical elements.[ch. 10] Orphaned by the
Etherious Deliora (デリオラ, Deriora) at age eight, Gray is tutored by Ur to use Ice Make (氷の造形魔法, アイスメイク, Aisu Meiku), which instantly produces ice in the form of any weapon or object he imagines;[ch. 21] during his training to withstand cold temperatures, he also gains the habit of subconsciously stripping his clothes, something that
Mashima based on a personal habit of his own.[8] He joins Fairy Tail after Ur sacrifices herself to save his life when he recklessly attempts to kill Deliora. Later in the series, Gray inherits Ice Demon Slayer (滅悪魔導士, デビルスレイヤー, Debiru
Sureiyā, lit. "Devil Slayer") to carry out Silver's will to destroy E.N.D. The corruptive influence of his demonic powers compels Gray to irrationally fight Natsu upon discovering his identity as E.N.D.,[ch. 449, 450] but he ultimately uses his powers to help strip Natsu of his identity as an Etherious so he may live normally as a human.[ch. 538] Erza
Scarlet Voiced by: Sayaka Ohara[9] (Japanese); Colleen Clinkenbeard[7] (English) Erza Scarlet (エルザ・スカーレット, Eruza Sukāretto) is a nineteen-year-old S-Class swordswoman of Fairy Tail who is nicknamed "Titania" (妖精女王, ティターニア, Titānia) for her notoriety as the guild's most powerful female wizard,[ch. 14] referencing the Fairy Queen
from A Midsummer Night's Dream.[vol. 3:192] She uses magic called "The Knight" (騎士, ザ・ナイト, Za Naito) to instantaneously "requip" (換装, kansō)—exchange and equip—various weapons and armors that alter her already tremendous strength and magic ability.[ch. 14] Kidnapped by the administrator the Tower of Heaven at infancy from her
mother, Irene Belserion who believed that her daughter is sick and needs to be there to be healed, [ch. 519] Erza is actually enslaved at the Tower of Heaven at age 11 and befriends Jellal Fernandes, who gives her the surname "Scarlet" after her red hair. [ch. 77, 163] She first activates her magic power while leading a slave revolt, only to be betrayed
by a brainwashed Jellal and forced to escape from the tower alone. [ch. 81, 82] Her experiences lead her to join Fairy Tail and become a serious-minded but compassionate disciplinarian who temporarily becomes the guild's seventh master in Makarov Dreyar's absence when the guild is reformed one year after Tartaros's demise. Over the course of
Fairy Tail, Erza grows fond of her friends during their adventures. [ch. 104, 438] The character is named after Eru from Mashima initially designed her to only shed tears from one eye due to a defect with her artificial eye, but he eventually abandoned this aspect
after accidentally drawing some scenes where Erza has tears flowing from both eyes.[vol. 12:199] He also said that he often forgets what Erza's armor looks like, and changes the design every time she appears.[vol. 18:187] Wendy Marvell Voiced by: Satomi Satō[10] (Japanese); Brittney Karbowski[11] (English) Wendy Marvell (ウェンディ・マーベル,
Wendi Māberu) is a young Dragon Slayer adopted and trained by the dragon Grandeeney (グランディーネ, Gurandīne, also "Grandine") to perform Sky Dragon Slayer Magic (天空の滅竜魔法, Tenkū no Metsuryū Mahō), which draws power from clean air to heal others' injuries and ailments,[ch. 135] and can temporarily relieve Dragon Slayers' motion
sickness.[ch. 144] Together with Natsu, she is part of a group of Dragon Slayers sent 400 years from the past through Eclipse as children to combat Acnologia.[ch. 465] When the group is scattered upon arrival, Wendy travels the world with Mystogan until he leaves her at the Cait Shelter (化猫の宿, ケット・シェルター, Ketto Sherutā) guild, where she
comes to be known as the "Sky Dragon" (天竜, Tenryū) and "Priestess of the Sky" (天空の巫女, Tenkū no Miko).[ch. 135] Seven years later, Wendy represents her guild in an alliance with Fairy Tail, Blue Pegasus, and Lamia Scale against the dark guild Oración Seis.[ch. 132] After the Seis are defeated, Wendy discovers her guild's true nature as an
illusion created by their master, the elderly spirit Robaul (ローパウル, Rōbauru), to care for her; she is then left to join Fairy Tail after her old guild vanishes.[ch. 164] Wendy comes to admire Natsu as an older brother figure,[ch. 423] inspiring her to use her magic's combative functions, which include manipulating wind and augmenting her and her
allies' abilities through enchantment.[ch. 376] Mashima designed Wendy to be a 12-year-old girl after one of his staff members commented that young girls "just don't appear" in the series, and noted the character's popularity among his associates.[vol. 16:185] His original concept for her was that of a "Water Dragon" based on the Japanese name for
Wednesday (水曜日, Suiyōbi, lit. "Water Day"), which Mashima derived her name from.[vol. 27:184] Carla Voiced by: Yui Horie[10] (Japanese); Jad Saxton[11] (English) Carla is a white-furred six-year-old Exceed who acts as Wendy Marvell's partner and caretaker; [ch. 133, 145] her name is Charles (シャルル, Sharuru) in Japanese, spelled "Charle" in
Funimation subtitles, which was changed to "Carla" in countries where readers would interpret "Charles" as a male name.[vol. 27:184] Years before the series' present, she is evacuated to Earth-land as an egg along with Happy and 98 other unborn Exceed when her mother, the Exceed queen Chagot, has a premonition of their kingdom's destruction;
to prevent a panic, the queen conceals the evacuation as a mission to kill Dragon Slayers.[ch. 198] Carla is born with the unconscious power of precognition inherited from her mother, which causes her to misinterpret visions of Chagot's ruse as her real mission; [ch. 198] despite this, Carla decides to protect Wendy. Although annoyed with Happy's
obliviousness to their mission, Carla reconsiders after he ignores the Exceeds' orders.[ch. 165, 169, 177] Eventually, after realizing her precognitive ability, Carla practices to consciously control her visions and, during her precognitive ability, Carla practices to consciously control her visions and, during her precognitive ability, Carla practices to consciously control her visions and, during her precognitive ability, Carla practices to consciously control her visions and, during her precognitive ability, Carla practices to consciously control her visions and, during her precognitive ability, Carla practices to consciously control her visions and, during her precognitive ability, Carla practices to consciously control her visions and visions and visions and visions and visions and visions are visions and visions are visions and visions are visions and visions are visions are visions and visions are visions are visions are visions and visions are visions are visions and visions are 
Fairy Tail members Guild masters Mavis Vermillion Voiced by: Mamiko Noto[12] (Japanese); Leah Clark (English) Mavis Vermillion (メイビス・ヴァーミリオン, Meibisu Vāmirion) is the first and founding master of Fairy Tail,[ch. 203] nicknamed the "Fairy Strategist" (妖精軍師, Yōsei Gunshi) as a child prodigy with vast military and illusory skill.[ch. 255]
Mavis also has knowledge of the Three Great Fairy Magics (妖精三大魔法, Yōsei San Dai Mahō), a trinity of spells that can only be used by members of her guild; [ch. 233] besides Fairy Law, these spells include Fairy Glitter (妖精の輝き, フェアリーグリッター, Feari Guritta), an attack that eradicates any enemy, [ch. 232] and Fairy Sphere (妖精の球, フェア
リースフィア, Fearī Sufia), an impenetrable force field that suspends time for those inside.[ch. 255] She is later revealed to possess the same immortality and life-stealing curse as series antagonist Zeref Dragneel, her former friend and lover, which also halts her outward physical maturity when she is first afflicted at thirteen years of age,[ch. 449] but
retains her physiology as an adult woman in later life.[ch. 526] Raised on Sirius Island by a harsh guild master who takes her shoes away, Mavis develops the habit of walking barefoot.[13][14] At age 13, she encounters a group of treasure hunters who later become her co-founders of Fairy Tail.[13] While accompanying them on a journey to recover a
stolen artifact, Mavis befriends a wandering Zeref, who teaches her a forbidden prototype of Fairy Law that triggers her curse when she performs the spell to save her friends' lives.[15][ch. 449] Eleven years later, Mavis continues to empathize with Zeref and falls in love with him, causing Zeref's curse to unwittingly send her into a deathlike state
following a brief period of intimacy that results in the conception of a son, August.[ch. 450, 526] Her body is preserved in a lacrima crystal beneath Fairy Tail's guild hall, where it produces a source of limitless magic known as Fairy Heart (妖精の心臓, フェアリーハート, Fearī Hāto),[ch. 451] codenamed Lumen Histoire (ルーメン・イストワール, Rūmen
Isutowāru),[ch. 258] with Precht Gaebolg building a false grave on Sirius Island to hide this secret.[ch. 203] Mavis consequently appears as an astral projection that can only be seen and heard by those marked with Fairy Tail's emblem.[ch. 268] She is eventually revived by the destruction of her stasis crystal to personally confront Zeref, and lifts their
mutual curse by accepting her love for him despite also hating him, which enables both of their deaths.[ch. 489, 537] One year later, a girl who shares Mavis's appearance named Mio ($\frac{1}{2}$) surfaces and encounters a young man named Alios, who resembles Zeref.[ch. 545] Mavis's background was included in the very first concepts of the series.
[vol. 31:195] Mashima conceived her as an elderly male character, later changing her into a young girl after being informed that "Mavis" was a female name.[16] He also expanded the character's involvement in the story because of her "immense popularity", remarking that he had "no idea" she would become so popular.[vol. 32:191] Mashima said
that many readers were surprised by Mavis's relationship with Zeref, which he had decided on "quite a long time ago" before revealing it.[vol. 53:189] He intended to draw a detailed kissing scene between the two characters, but amidst concerns regarding Mavis's appearance, he decided that depicting the scene in a silhouette would be "more
beautiful and effective".[vol. 53:189] Precht Gaebolg Voiced by: Masashi Hirose (2010–2014), Yutaka Aoyama (2015–present) (Japanese); John Swasey (English) Precht Gaebolg (プレヒト・ゲイボルグ, Purehito Geiborugu), primarily known under the alias of Hades (ハデス, Hadesu),[ch. 214] is one of Fairy Tail's co-founders and the master of Grimoire
Heart. His first name is based on that of a literary scholar, [vol. 27:184] while his surname comes from the mythical Irish spear Gáe Bolg. [vol. 53:194] Succeeding Mavis Vermillion as second guild master upon her deathlike state caused by Zeref, Precht becomes engrossed in black magic when his attempts to resurrect her inadvertently produce Fairy
Heart,[ch. 451] which spurs him on a quest to uncover the source of magic power.[ch. 215] Upon tracing the source back to Zeref, he becomes obsessed with obtaining this singularity for himself and founds Grimoire Heart, assuming that he must awaken Zeref's dormant power to achieve his goal.[ch. 249] Hades practices powerful spells such as
Grimoire Law (悪魔の法律, グリモアロウ, Gurimoa Rō), a dark version of Makarov Dreyar's Fairy Law,[ch. 214] and the artificial Devil's Eye (悪魔の眼, Akuma no Me) beneath his eyepatch, which gives him access to even greater dark powers developed by Zeref when opened.[ch. 247] His signature magic allows him to produce chains from his hands to
grapple and throw opponents.[ch. 214] Using a mechanical "heart" on board his guild's airship that is based on his knowledge of Fairy Heart,[vol. 53:189] Hades overpowers Fairy Tail's attacks until the heart is destroyed by Happy and Carla.[ch. 248] He is spared by Makarov upon his defeat, only to be killed by Zeref shortly afterward for summoning
Mashima came up with the character's name because he wanted it to sound Russian.[vol. 2] He is an old, diminutive man who is registered as one of the Ten Wizard Saints (聖十大魔導, Seiten Daimadō), a title given to those recognized by the Magic Council for possessing the highest magical power and skill of any wizard on the continent of Ishgal
[ch. 47] He has knowledge of numerous forms of magic, including the ability to vastly increase his size using the magic Giant (巨人, ジャイアント, Jaianto).[ch. 28] He is a grandfatherly figure who looks upon his guild's members as his own children,[ch. 50] although he is beleaguered by the problems they cause him with the council.[ch. 2] A running
gag in the series is Makarov's inability to secure a permanent successor,[ch. 69] resulting in him holding the position of sixth and eighth guild master after Gildarts Clive and Erza Scarlet, respectively.[ch. 259, 448] He eventually sacrifices his life to annihilate the Alvarez Empire's army using his ultimate technique, Fairy Law (妖精の法律, フェアリーロ
ウ, Fearī Rō), which reduces the caster's lifespan to eliminate anyone they consider to be an enemy without harming their allies,[ch. 66, 505] although Mavis Vermillion later resurrects him as a paraplegic upon her own death.[ch. 537, 545] S-Class wizards (S級魔導士, Esu-kyū madōshi) are the guild's highest-ranking
members who are recognized by the master for their strength, skill, and conviction.[ch. 201] Erza Scarlet, one of the protagonists, holds the S-Class rank at the start of the series.[ch. 24] Mashima has stated that the "S" stands for words such as "super", "special", or the Japanese phrase "Soreya yabai zo!!" (それやヤバイぞ!!, "That's gotta be
dangerous!!").[vol. 4:189] Mirajane Strauss Voiced by: Ryōko Ono[6] (Japanese); Monica Rial[7] (English) Mirajane Strauss (ミラジェーン・ストラウス, Mirajane Strauss Voiced by: Ryōko Ono[6] (Japanese); Monica Rial[7] (English) Mirajane Strauss (ミラジェーン・ストラウス, Mirajane Strauss Voiced by: Ryōko Ono[6] (Japanese); Monica Rial[7] (English) Mirajane Strauss (ミラジェーン・ストラウス, Mirajane Strauss Voiced by: Ryōko Ono[6] (Japanese); Monica Rial[7] (English) Mirajane Strauss (ミラジェーン・ストラウス, Mirajane Strauss Voiced by: Ryōko Ono[6] (Japanese); Monica Rial[7] (English) Mirajane Strauss Voiced by: Ryōko Ono[6] (Japanese); Monica Rial[7] (English) Mirajane Strauss (ミラジェーン・ストラウス, Mirajane Strauss Voiced by: Ryōko Ono[6] (Japanese); Monica Rial[7] (English) Mirajane Strauss Voiced by: Ryōko Ono[6] (Japanese); Monica Rial[7] (English) Mirajane Strauss (ミラジェーン・ストラウス, Mirajane Strauss Voiced by: Ryōko Ono[6] (Japanese); Monica Rial[7] (English) Mirajane Strauss (ミラジェーン・ストラウス, Mirajane Strauss Voiced by: Ryōko Ono[6] (Japanese); Monica Rial[7] (English) Mirajane Strauss (English) Mirajane Strau

Her variety is called Satan Soul (サタンソウル, Satan Sōru), which allows her to assume the forms and powers of various demons she has defeated.[ch. 117] Before the beginning of the
Mirajane also restricts her Takeover magic to only mimic others' physical appearances and voices, and retires from active S-Class work. She eventually regains her Satan Soul variety to rescue her brother, Elfman, during the Battle of Fairy Tail two years later.[ch. 52, 117] Mashima named the character after the username of a friend he met in an
online game. He also settled on her family's backstory "a very long time" before including it in the story, saying that "the chance to tell it just never seemed right", and that he was happy when the opportunity arose.[vol. 45:189] Mystogan (ミストガン, Misutogan) is that "the chance to tell it just never seemed right", and that he was happy when the opportunity arose.[vol. 45:189] Mystogan (ミストガン, Misutogan) is that "the chance to tell it just never seemed right", and that he was happy when the opportunity arose.[vol. 45:189] Mystogan (ミストガン, Misutogan) is that "the chance to tell it just never seemed right", and that he was happy when the opportunity arose.[vol. 45:189] Mystogan (ミストガン, Misutogan) is that "the chance to tell it just never seemed right", and that he was happy when the opportunity arose.[vol. 45:189] Mystogan (ミストガン, Misutogan) is that "the chance to tell it just never seemed right", and that he was happy when the opportunity arose.[vol. 45:189] Mystogan (ミストガン, Misutogan) is the opportunity arose.[vol. 45:189] Mystogan (state of the opportunity

The character's name is derived from the word "lux", a unit of measurement for light.[vol. 27:184] He is an expert lightning wizard capable of generating and transforming into bolts of electricity. He is also a second
generation Dragon Slayer whose father, Ivan Dreyar, implanted a lacrima crystal within him as a child that enables him to use Lightning Dragon Slayer Magic (雷の滅竜魔法, Kaminari no Metsuryū Mahō).[ch. 128] As a teenager, Laxus feels overshadowed by his grandfather and eventually rebels following his father's expulsion from the guild,[ch. 106]
119] growing into a strength supremacist at the start of the series.[ch. 24] When Fairy Tail's reputation began to falter after the war with Phantom Lord, Laxus organized an intra-guild battle royal called the "Battle of Fairy Tail" in a bid to seize control of the guild from Makarov and reestablish its strength by rooting out the guild's "weaklings"
[ch. 107] After his plans fail, Makarov expels him for endangering his guildmates, although he leaves on friendlier terms with them.[ch. 244] and is reinstated into the guild by Gildarts Clive during the latter's brief period as guild master.[ch. 260] Gildarts Clive Voiced by:
Kazuhiko Inoue[18] (Japanese); Jason Douglas (English) Gildarts Clive (ギルダーツ・クライヴ, Girudātsu Kuraivu) is an S-Class wizard who is regarded by Fairy Tail to be their most powerful member. [ch. 106] He can break any object or spell he touches down into blocks using the magic Crush (クラッシュ, Kurasshu), which requires Magnolia's streets to
reconfigure into a single, narrow path towards the guild to prevent him from stumbling into buildings by mistake.[ch. 166] Because he embarks on missions that have never been completed for up to a century,[ch. 165] he only visits the guild on rare occasions for short periods of time;[ch. 232] during one failed mission, he loses his left limbs and
several internal organs after getting mauled by Acnologia.[ch. 166] He is also the widowed father of Cana Alberona,[ch. 232] but is unaware of his relationship with his daughter due to his deceased wife Cornelia divorcing him and giving birth while he is away on a six-year mission.[ch. 251] Gildarts discovers the truth from Cana twelve years later
after Fairy Tail's battle with Grimoire Heart on Sirius Island, and subsequently begins doting on her in a comical fashion.[ch. 258] but resigns from the position almost immediately to leave on another journey.[ch. 259] He returns
one year later to participate in the war against the Alvarez Empire,[ch. 495] remaining at the guild in the series epilogue.[ch. 545] Mashima described the character as "a dumb-looking old guy", and considered his first appearance to be "a really big event" within the story.[vol. 20:188] Other members Cana Alberona Voiced by: Eri Kitamura[6]
(Japanese); Jamie Marchi[7] (English) Cana Alberona (カナ・アルベローナ, Kana Aruberōna) is a teenage alcohol.[ch. 38] Her name is derived from the tarot term "arcana".[vol. 2:190] She uses magic cards (魔法の札, マジックカード, majikku kādo) either as
projectile weapons or to perform a variety of spells,[ch. 38] including fortune-telling,[ch. 51] As the most senior guild member of Lucy Heartfilia's generation,[ch. 201] Cana joins Fairy Tail at the age of six after her mother's death to search for her father, Gildarts Clive. Unable to reveal her relationship to him because of her own timidity and his
seldom presence, Cana motivates herself to become an S-Class wizard, but fails four qualification tests in a row and falls into depression.[ch. 232] During her fifth test on Sirius Island twelve years later,[ch. 202] Cana abandons her guildmates in Grimoire Heart's attack to complete the trial of finding Mavis Vermillion's grave, inadvertently
endangering her test partner, Lucy.[ch. 225] Upon realizing her own treachery, Cana rejects her chance for promotion in favor of saving her friends,[ch. 231] Later, Cana becomes proficient at using the Fairy Glitter spell occasionally provided to her by
Mavis,[ch. 285] which she uses to revive her physical body by destroying her astral projection with the spell.[ch. 489] Loke Voiced by: Daisuke Kishio[6] (Japanese); Eric Vale[7] (English) Leo (レオ, Reo),[ch. 72] better known as Loke (ロキ, Roki), is a humanoid celestial spirit and a playboy who is regarded as a popular bachelor in the wizard
community;[ch. 2] his name is derived from the Norse god Loki.[vol. 2:190] His finger ring Regulus (王の光, レグルス, Regurusu) can generate blinding or damaging light at will.[ch. 115] Under the ownership of Blue Pegasus member Karen Lilica (カレン・リリカ, Karen Ririka), Loke remains in the human world on behalf of his fellow spirit Aries to
protect her from Karen's abuse. After Karen is killed by Oración Seis member Angel after Loke to the human world, where he relies on magic-infused finger rings besides Regulus to perform magic.[ch. 73] When Loke is on the verge of dying three years later
Lucy Heartfilia convinces the king to let him return to the spirit world.[ch. 73] Loke later serves as one of Lucy's contracted spirits, openly expressing romantic feelings for her after having avoided her out of guilt for Karen's death,[ch. 10] and occasionally summoning himself through his own power to aid her and the rest of Fairy Tail.[ch. 114, 202]
Loke is also the leader of the twelve zodiacs as stated by himself and Gray. Elfman Strauss (エルフマン・ストラウス, Erufuman Sutorausu) is the brother of Mirajane and Lisanna. Mashima developed his name to sound "somewhat cute".[vol. 2:190] He is a
hypermasculine, muscle-brained wizard who spouts nonsensical speeches about manhood,[ch. 2] but is also kindhearted and emotionally sensitive.[ch. 51] He employs the Takeover magic Beast Soul (獣王の魂, ビーストソウル, Bīsuto Sōru) to assimilate the powers and forms of monsters, although his transformations are limited to his right arm using the
Beast Arm (ビーストアーム, Bīsuto Amu) ability due to his lack of proficiency.[vol. 15:omake] His first attempt at achieving a full-body transformation at age 13 causes him to go berserk and seemingly kill Lisanna in the process, resulting in him adopting his masculine personality to cope with his guilt.[ch. 54] Two years later, Elfman gains control over
his Beast Soul form to rescue Mirajane from Phantom Lord, after which he employs his full strength more frequently.[ch. 56] Levy McGarden (レビィ・マクガーデン, Rebi Makugāden) is a member of Shadow Gear (シャドウ・ギア, Shadō Gia), a three-wizard team that also
includes Jet and Droy. She becomes one of Lucy Heartfilia's friends over their shared love of books, encouraging Lucy to let her be the first to read her novel.[ch. 48] Using the magic Solid Script (立体文字, ソリッドスクリプト, Soriddo Sukuriputo), Levy transforms written words into three-dimensional objects that take on the attributes of whatever is
written. She is also proficient at translating and decoding ancient languages and runic magic. Gajeel Redfox frightens Levy after he wounds her and her team during his membership in Phantom Lord, leading to a war between their guilds.[ch. 47] She initially avoids Gajeel when he joins Fairy Tail, but reconsiders after he defends her from a
disgruntled Laxus Dreyar.[ch. 105] She subsequently begins to develop romantic feelings for Gajeel,[ch. 202] with the two becoming temporary officers of the Magic Council's custody and arrest unit during Fairy Tail's one-year dissolution, and later committing themselves to each other while battling the Alvarez Empire. In the series epilogue, Levy is
overheard by Lucy and Wendy Marvell telling Gajeel something about a baby.[ch. 545] Mashima designed Levy to be a background character in the series, but grew to "really [like] her".[vol. 27:184] He subsequently expanded her role in response to her rise in popularity, which he said defied his expectations.[vol. 32:191] Gajeel Redfox Voiced by:

resents Metalicana for his disappearance,[ch. 66] becoming a delinquent member of Phantom Lord's dissolution, whose act of defacing Fairy Tail's guildhall and assaulting Levy McGarden's team instigates a war between the two guilds.[ch. 48] After Phantom Lord's dissolution,
Gajeel reluctantly accepts Makarov Dreyar's offer of membership into Fairy Tail. [ch. 212] gaining the guild's trust and acceptance after helping Natsu Dreyar in the Battle of Fairy Tail. "extremely scary" rival for Natsu.[vol. 8:190] The character's name is derived from the word kajiru (噛る, "to gnaw") and the onomatopoeia for eating, gaji-gaji (ガジガジ).[vol. 27:184] Similar to Natsu, Gajeel's age is listed as "unknown",[ch. 105] which became a subject of questions from readers following a scene where he and Natsu are caught in a
runic trap designed to contain those over 80 years old, to which Mashima asserted that this was not their actual age.[vol. 15:188] Gajeel's backstory with Magic Council member Belno would be Gajeel's catalyst for joining Fairy Tail
before changing it to Makarov.[vol. 47:185] Juvia Lockser Voiced by: Mai Nakahara[19] (Japanese); Brina Palencia[20] (English) Juvia Lockser Voiced by: Mai Nakahara[19] (Japanese); Brina Palencia[20] (English) Juvia Lockser Voiced by: Mai Nakahara[19] (Japanese); Brina Palencia[20] (English) Juvia Lockser Voiced by: Mai Nakahara[19] (Japanese); Brina Palencia[20] (English) Juvia Lockser Voiced by: Mai Nakahara[19] (Japanese); Brina Palencia[20] (English) Juvia Lockser Voiced by: Mai Nakahara[19] (Japanese); Brina Palencia[20] (English) Juvia Lockser Voiced by: Mai Nakahara[19] (Japanese); Brina Palencia[20] (English) Juvia Lockser Voiced by: Mai Nakahara[19] (Japanese); Brina Palencia[20] (English) Juvia Lockser Voiced by: Mai Nakahara[19] (Japanese); Brina Palencia[20] (English) Juvia Lockser Voiced by: Mai Nakahara[19] (Japanese); Brina Palencia[20] (English) Juvia Lockser Voiced by: Mai Nakahara[19] (Japanese); Brina Palencia[20] (English) Juvia Lockser Voiced by: Mai Nakahara[19] (Japanese); Brina Palencia[20] (English) Juvia Lockser Voiced by: Mai Nakahara[19] (Japanese); Brina Palencia[20] (English) Juvia Lockser Voiced by: Mai Nakahara[19] (Japanese); Brina Palencia[20] (English) Juvia Lockser Voiced by: Mai Nakahara[19] (Japanese); Brina Palencia[20] (English) Juvia Lockser Voiced by: Mai Nakahara[19] (Japanese); Brina Palencia[20] (English) Juvia Lockser Voiced by: Mai Nakahara[19] (Japanese); Brina Palencia[20] (English) Juvia Lockser Voiced by: Mai Nakahara[19] (Japanese); Brina Palencia[20] (English) Juvia Lockser Voiced by: Mai Nakahara[19] (Japanese); Brina Palencia[20] (English) Juvia Lockser Voiced by: Mai Nakahara[19] (Japanese); Brina Palencia[20] (English) Juvia Lockser Voiced by: Mai Nakahara[19] (Japanese); Brina Palencia[20] (English) Juvia Lockser Voiced by: Mai Nakahara[19] (Japanese); Brina Palencia[20] (English) Juvia Lockser Voiced by: Mai Nakahara[20] (English) Juvia Lockser Voiced by: Mai Nakahara[20] (English) Juvia Lockser Voiced by: Mai Nakahara[20] (English) Juvia Lockser Voice

As a child, she is ridiculed as a "rain woman" because of the downpours she has caused.[ch. 48] Her participation in the guilds' war over Lucy Heartfilia leads to an encounter with Gray Fullbuster. She duels with Gray, but loses and the rain around her stops for the first time in her life.[ch. 56-57] After Phantom Lord dissolves, Juvia joins
Fairy Tail in pursuit of Gray's affections, and considers anyone he interacts with to be a romantic rival.[ch. 256] Eventually, Juvia becomes more cheerful and changes her appearance several times to suit her new personality, although her feelings for Gray remain unrequited for some time. After rescuing Gray at the cost of her own life, she is healed

She remedies all sorts of ailments and injuries, but resents humans and often forces visitors out of her house unless they are in need of help.[ch. 51] She is a longtime friend of Makarov Dreyar, whom she nurses to health when he is drained of his magic, and later when he falls deathly ill during Laxus Dreyar's

Lisanna Strauss (リサーナ・ストラウス, Risāna Sutorausu) is the younger sister of Mirajane and Elfman who can shapeshift into different animals at will with her Animal Soul (動物の魂, アニマルソウル, Animaru Sōru) Takeover variety. She is one of Natsu Dragneel's childhood friends and also love interest who helps him hatch Happy's egg.[vol. 15:omake
When Lisanna is 16 years old, she is seemingly killed by Elfman in his berserk full-body takeover form; [ch. 55] in truth, Lisanna survives and is absorbed through an anima portal into the parallel world of Edolas, where she quietly assumes membership within Edolas's version of Fairy Tail after being mistaken for her own counterpart. Two years later,
she is forced to return to Earth-land when Mystogan reverses Anima's effects, reuniting Lisanna with her siblings.[ch. 199] Mashima conceived the character's name because he felt the suffix "-anna" made it sound cute.[vol. 27:184] Raijin Tribe (雷神衆, Raijinshū, "Thunder God Tribe"), renamed the "Thunder Legion" in Funimation's
anime dub, is a trio of wizards who act as Laxus Dreyar's personal bodyguards and followers. They were created by Mashima after he "suddenly" thought the series' story arc focusing on Laxus.[vol. 13:afterword] The three help carry out Laxus' plans to restructure the guild by participating in the Battle of Fairy Tail,[ch. 108] but become friendlier
towards their guildmates after his expulsion.[ch. 128] Aside from their own unique abilities, the three members each share the ability to cast magic by making eye contact with their opponents.[ch. 115] Fried Justine (フリード・ジャスティーン, Furido Jasutīn, spelled

distances himself from the rest of his guild. He imposes the rules of the Battle of Fairy Tail with his Jutsu-Shiki,[ch. 108] and reluctantly carries out Laxus' morality.[ch. 114] After being overpowered by Mirajane Strauss' reawakened Satan Soul form, Fried temporarily shaves his long
hair as a form of atonement for his misdeeds.[ch. 118, 129] His name is derived from the Japanese phrase "Furui-zo" (古いぞ, lit. "It's old"), reflecting the character's initial concept of attacking with archaic words.[vol. 27:extra] His name was originally going to be Albion (アルビオン, Arubion), but Mashima shortened it to balance out his teammates
longer names.[vol. 27:extra] Evergreen Voiced by: Saori Seto[22] (Japanese); Caitlin Glass[23] (English) Evergreen (エバーグリーン, Ebāgurīn), named after the tree of the guild's name. She covets Erza Scarlet's title of "Fairy Queen, Titania". At

Using the magic sword Buster Marm (バスターマェム, Basutā Māmu), it can extend up to four times his size;[ch. 186][vol. 22:bonus] after this sword is

Magic Council named Doranbalt (ドランバルト, Doranbaruto),[ch. 223] spelled "Doranbolt" in the English dub, he uses his Memory Control to disguise himself as Mystogan's disciple in Fairy Tail to search of incriminating evidence that may result in the guild's dissolution.[ch. 213] Seven years after growing fond of the guild and allying himself with
them against Grimoire Heart, however, Mest is informed by Makarov Dreyar of his true identity as a longtime Fairy Tail member who altered his own memories in a haphazard attempt to extract information on the Alvarez Empire from the council.[ch. 416, 439] Upon remembering his past, Mest leaves the council's service and fully rejoins Fairy Tail
[ch. 438] Before unveiling Mest's role as an undercover council agent, Mashima considered making the character a legitimate Fairy Tail member, as well as a member of Grimoire Heart or Tartaros.[vol. 24:172] Mashima later said that the reveal of Mest's legitimate membership was planned long in advance, but he never had the opportunity to
foreshadow it, receiving complaints from readers who felt the character was retconned.[vol. 49:190] Minor members between the primary guild members at the beginning of the series to fourteen.[ch. 254] Macao Conbolt (マカオ・コンボ

(English) Zeref Dragneel (ゼレフ・ドラグニル, Zerefu Doraguniru) is the central antagonist of Fairy Tail who is mentioned early in the series as the most evil wizard in history called the "Black Wizard" (黒魔導士, Kuro Madōshi).[ch. 21] He makes his first appearance at the end of volume 24, although he is not identified until the following volume.
[ch. 200, 210] Eventually, it is revealed that Zeref is Natsu Dragneel's centuries-old elder brother, made immortal and unaging by a curse called the Black Magic of Ankhselam (アンクセラムの黒魔術, Ankuseramu no Kuro Majutsu), which randomly kills everything around him whenever he cherishes the value of life. Years before the series' present
Ankhselam curses Zeref for trying to resurrect an infant Natsu, who is earlier killed with the rest of their family in a dragon attack. Becoming suicidal, Zeref eventually succeeds in reincarnating Natsu bragnes as o-called demon dubbed "Etherious Natsu Dragneel" (E.N.D.) in the hope that Natsu would be capable of killing him. [ch. 465] He eventually befriends Mavis Vermillion 300 years later, which develops into romance after she acquires the same curse until he inadvertently steals her life.
[ch. 450] Living in solitude on Sirius Island, Zeref becomes disillusioned by the atrocities committed by Grimoire Heart in his supposed name as a mass-murdering embodiment of evil, leading him to spend the next seven years contemplating the eradication of humanity. [ch. 209, 250, 340] One year later, he resurfaces as the emperor of the Alvarez
Empire, a military nation he has constructed over a century under the alias of Spriggan (スプリガン, Supurigan) to counter the threat of Acnologia.[ch. 450] Zeref leads a large-scale invasion of Ishgal in order to obtain Mavis's limitless power of Fairy Heart with which to perform Neo Eclipse (ネオ・エクリプス, Neo Ekuripusu), a spell that would enable
him to relive his own life and undo the actions caused by himself and Acnologia, while also erasing the existence of countless people in the present.[ch. 530] Zeref succeeds in absorbing Fairy Heart after Natsu's failure to kill him, but Natsu incapacitates him after negating his attacks with his own fire magic, after Mavis took the E.N.D. book away
from Zeref and give the book to Lucy, Grey and Happy.[ch. 532, 536] Zeref then dies after Mavis rekindles her love for him, allowing their mutual curse to kill them both.[ch. 537] By the end of Fairy Tail, a young man identical in appearance to Zeref named Alios (アリオス, Ariosu) appears and encounters Mio, a girl who resembles Mavis.[ch. 545]
Mashima had not given the character a name upon his first physical appearance in the story, and considered several possible choices before deciding to make him the previously unseen character Zeref;[vol. 24:172] he intentionally avoided providing any hints to his identity beforehand, wanting it to be a "complete surprise" to the readers,[vol. 24:167]
Aiming to avoid portraying Zeref as "a typical bad guy", Mashima cultivated and inserted numerous elements into the character that made him "really highly complex".[26] Mashima stated that Zeref "has really become a popular character that made him "really highly complex".

cannon Jupiter (ジュピター, Jupitā),[ch. 52] and which transforms into a mecha capable of casting Abyss Break (煉獄砕波, アビスプレイク, Abisu Bureiku, Japanese text translates to "Purgatory Break Wave"), a forbidden spell powered by magic of the four classical elements. [ch. 54, 57] Other members of Phantom include Gajeel Redfox and the Element 4
(エレメント4, Eremento Fō), a quartet of wizards equivalent to Fairy Tail's S-Class wizards who each specialize in magic based on one of the four elements.[ch. 47] Lucy Heartfilia's father Jude has Phantom retrieve her after she runs away from home.[ch. 50] However, Jose is concerned about Fairy Tail's plans to monopolize the Heartfilia family's
fortune and plots to hold Lucy for ransom.[ch. 64] Deciding to demonstrate Phantom's supremacy to Fairy Tail, Jose sends Gajeel to destroy their guildhall and injure Levy McGarden's team, provoking them into an inter-guild war forbidden by the Magic Council.[ch. 47] Eventually, Fairy Tail emerges victorious after Makarov Dreyar defeats Jose;

System, which is activated after the Magic Council fires their ultimate weapon Etherion at the tower, which absorbs the attack's energy and reveals its true form as a giant lacrima crystal.[ch. 81] Among the slaves forced to build the tower are
Erza Scarlet and Jellal Fernandes. Jellal tricks his friends into thinking that Erza betrayed them to save herself from the tower, but they turn on him after realizing his deception. [ch. 83] Following Jellal's defeat, Erza's remaining
friends decline her invitation to join Fairy Tail and go their separate ways.[ch. 102] Also serving Jellal at the tower are Trinity Raven (三羽鴉, トリニティレイヴン, Toriniti Reivun, Japanese text translates as "Three Ravens"), a trio of assassins from the Death's Head Caucus (髑髏会, Dokurokai) guild.[ch. 84,85] Mashima introduced them "at the last
moment" after he "started feeling really sorry for [Erza's childhood friends]" while planning their battles with Erza's group.[vol. 11:afterword] Each member's is named after a different type of bird.[vol. 10:translation notes] Shō (ショウ) Voiced by: Hiro Shimono (Japanese); Greg Ayres (English) Shō is one of Ezra's former friends who wields a magic

an armored wizard named Alexei (アレクセイ, Arekusei), Ivan leads a five-wizard team in the Grand Magic Games that consists of Obra, Flare Corona, Kurohebi, and Nullpudding. The five use underhanded tactics to win challenges and battles in the tournament, but are defeated single-handedly by Laxus and disqualified.[ch. 286] Raven Tail dissolves

anime dub, is a triad of Fiore's most powerful dark guilds—Oración Seis, Grimoire Heart, and Tartaros—which control all other dark guilds in the series except the independent Raven Tail.[ch. 131] The organization is described as a "non-aggression pact" whose guilds act independently from one another in spite of their designation as an "alliance".
[ch. 200] After all three guilds are defeated by Fairy Tail and their allies, the alliance is considered to have dissolved. Oración Seis (六魔将軍, オラシオンセイス, Orashion Seisu, Spanish for "Six Prayers") is a guild consisting of six members led by Brain that are considered to be no less dangerous for their command of multiple other dark
guilds. Brain's followers are slaves from the Tower of Heaven whom Brain "adopts" to aid his plan to annihilate the world's official guilds using the morality-switching magic Nirvana (ニルヴァーナ, Niruvāna). Seven years after their arrest, the five are released from prison along with Brain, whom they leave for dead before Jellal convinces them to join
Crime Sorcière.[ch. 364] The guild shares its name with a group of antagonists from Rave Master; Mashima decided on the members' background as slaves early in their development, but struggled to incorporate it into the story.
[vol. 19:186] Mashima specified Cobra as one of the characters whose popularity defied his expectations, although he could not determine any reason why.[vol. 32:191] Brain (ブレイン, Burein) / Zero (ゼロ) Voiced by: Tetsu Inada (Japanese); Philip Weber (English) Brain is the leader of Oración Seis, a codenamed superintelligent wizard and Jellal

powerful quild of the Balam Alliance. [ch. 210] Led by Hades, [ch. 215] the quild assumes Zeref to be in a weakened "sleeping" state and aims to "awaken" him, which they erroneously believe would bring about an apocalyptic world where wizards may thrive while non-magic users—who make up over 90% of Earth-land's population—would be
annihilated.[ch. 221] They travel the world on their airship and commit countless atrocities to produce "keys" necessary to their goal,[ch. 102] resulting in a war with Fairy Tail upon their discovery of Zeref on Sirius Island.[ch. 207] Grimoire Heart ultimately disbands after Zeref kills Hades and condemns the guild for provoking his rage and

summoning Acnologia through their actions.[ch. 250] The guild's sub-commander is Blue Note Stinger (ブルーノート・スティンガー, Burū Nōto Sutingā). Beneath Blue Note are the Seven Kin of Purgatory (煉獄の七眷属, Rengoku no Nana Kenzoku), an elite group of wizards who are trained by Hades in the use of Lost Magic (失われた魔法, ロストマジック, Rosuto Majikku), [ch. 217] ancient spells that are noted as being lost to history because of their enormous power and terrible side effects when misused.[ch. 40] Besides their leader Ultear Milkovich and her surrogate daughter, Merudy, the Seven Kin consist of Zancrow, Zoldio, Rustyrose, Kain Hikaru, Azuma. Other guild members include Kawazu and Yomazu. Mashima revealed that Kain Hikaru's name is shared with one of his staff members' nicknames, while Rustyrose's name is derived from a cocktail, and Azuma's is based on television actor Azuma Mikihisa; he was "surprised" that he could not remember the origin of Zancrow's name.[vol. 27:184] Mashima particularly pushed for Kain Hikaru's popularity among young readers, but was informed the character was disliked because "he isn't cool".[vol. 26:187] Blue Note Stinger (ブルーノート・スティンガー, Burū Nōto Sutingā) Voiced by: Shirō Saitō (Japanese); Chuck Huber (English) Blue Note is a man capable of generating powerful gravity fields and black holes. mostly of Etherious demons summoned from books written by Zeref. E.N.D., Zeref's ultimate demon and Natsu Dragneel's alter ego, is falsely purported to be the guild's master; [ch. 465] the guild is secretly commanded by Mard Geer Tartaros. Their base is located inside the floating "Cube" (冥界島, キューブ, Kyūbu) headquarters, which transforms
into the monster Pluto's Grim (冥王獣, プルトグリム, Puruto Gurimu) by Mard Geer's power.[ch. 382] The guild's aim is to unseal E.N.D.'s soul from his book and exterminate humanity by detonating Face, the Magic Council's cross-continental pulse bomb network designed to neutralize Ishgal's magic, while having no effect on the demons' ability to use
curses (呪法, juhō), a counterpart to magic that draws purely from negative emotions.[ch. 410] Mard Geer commands the elite Nine Demon Gates (九鬼門, Kyūkimon) led by the avian demon Kyōka. The other Demon Gates include Jackal, Franmalth, Torafuzar, Ezel, Seilah, Keyes, Tempester, and Silver Fullbuster. After Tartaros is defeated by Fairy Tail,
the surviving demons eventually die together with Zeref as part of a measure devised by the dark wizard.[ch. 465] Mashima stated that Kyōka was a character he "really [enjoyed]", and that she would do "a bunch of cruel things".[vol. 42:184] He was surprised by Jackal's popularity among readers despite the character being "an awful guy", and added
that he had difficulty writing Jackal's "half-baked Osaka-area accent".[vol. 45:189] The story arc between Silver and Gray was something Mashima had determined battle scene upon noticing a "vital" setup mistake.[ch. 46:177] Mard Geer Tartaros (マルド・ギー

 dragon race to near extinction in Earth-land's historic Dragon King Festival (竜王祭, Ryūōsai).[ch. 301] Originally a human Dragon Slayer who resents dragon as a side effect of his magic;[ch. 301] despite this, he is capable of alternating between his
human and "dragonified" forms at will.[ch. 436] Acnologia possesses no elemental Dragon Slayer trait, which grants him immunity to all forms of magic.[ch. 528] Overtaken by bloodlust and considering himself to be invincible, he gains notoriety for the next four centuries as a harbinger of destruction who disregards all life,[ch. 252] speaking only to
dragons by killing the surviving Dragon Slayers.[ch. 470] When he is lured by Blue Pegasus and Anna Heartfilia into a "space between time", a void dimension in which they attempt to permanently trap him,[ch. 530] Acnologia eats his way out and attains godlike power; this act also separates his human soul from his physical dragon body, which
ravages Earth-land while the former imprisons the other Dragon Slayers in the void with himself to maintain his power.[ch. 540] After Lucy Heartfilia seals his body within Fairy Sphere, Natsu Dragoneel kills him by destroying his immobilized soul.[ch. 544] Mashima regretted not giving more time to develop the character in the manga, envisioning a
 "deeper setting" that he felt unable to include from the protagonists' perspective, which he hoped he would have the opportunity to explore "at some point".[26] Alvarez Empire The Alvarez Empire (アルバレス帝国, Arubaresu Teikoku, also "Albareth") is a massive military nation led by Zeref that is located in the continent of Alakitasia west of Ishgal.

element Dragon Slayer God Serena, who defects to join the group. [ch. 440] Mashima considered the Spriggan 12 to be the strongest characters in the series, [vol. 52:185] describing their abilities as "cheating magic" that other authors would generally avoid using to preserve the framework of the story. [vol. 56:189] While determining the number of
members, Mashima argued against his editor's suggestion of using five or six members as opposed to twelve, citing "a bit of a secret reason for it".[vol. 52:185] He designed Jacob after an actor he "really liked", and bemoaned that the character's role was smaller than he had initially planned.[vol. 56:189] Mashima also commented on the popularity of
the 12's female members, particularly Brandish, while considering Jacob to be his personal favorite.[vol. 60:185] Irene's role as the "mother of Dragon Slayers" was determined by Mashima "well before" her debut, but he did not decide on her relationship with Erza until after the former's confrontation with Acnologia, which he noted created holes in
the story.[vol. 60:188] Following the conclusion of the series, Mashima specified Brandish as the character he would miss drawing the most.[26] August (オーガスト, Ōgasuto) Voiced by: Yoshito Yasuhara, Natsumi Fujiwara (child) (Japanese); Bruce DuBose, Brittany Lauda (child) (English) The Spriggan 12's elderly general and strongest member,

Mashima commented that he enjoyed drawing Lyon again after his absence.[vol. 16:185] Sherry Blendy Voiced by: Yuka Iguchi (Japanese); Trina Nishimura (English) Sherry Blendy (シェリー・ブレンディ, Sherī Burendi), spelled "Blendi" in the English anime dub, is a love-obsessed woman whose romantic interest she feels for Lyon Vastia is unrequited.
[ch. 33] She also owns a giant rat named Angelica (アンジェリカ, Anjerika).[ch. 27] Sherry's magic Doll Attack (人形撃, Ningyogeki), renamed "Marionette Attack" in the English anime dub, allows her to manipulate non-human objects and beings, including Celestial spirits.[ch. 33] Once a member of Lamia Scale, she leaves the quild to be one of Lyon's
followers to take revenge against the demon Deliora for killing her family.[ch. 44] Sherry later cleans up her act and rejoins Lamia Scale alongside Lyon,[ch. 132] only to eventually leave again when she becomes engaged and then married to the Blue Pegasus' member Ren Akatsuki.[ch. 357, 421] Saber Tooth Saber Tooth (剣咬の虎, セイバートゥース,
Seibā Tūsu, also "Sabertooth") is a guild that replaces Fairy Tail during their seven-year disappearance as the most powerful guild in Fiore.[ch. 258] Led by its master, Ziemma (ジェンマ, Jienma),[ch. 281] the
Twin Dragons (双竜, Sōryū) team formed by Sting Eucliffe and Rogue Cheney, third generation Dragon Slayers who are raised by dragons and given lacrima implants;[ch. 265] Olga Nanagia (オルガ・ナナギア, Oruga Nanagia), a God Slayer who produces black lightning similar to Laxus Dreyar;[ch. 273] and Rufus Lore (ルーファス・ロア, Rūfasu Roa), a
masked man who uses Memory Make (記憶造形, メモリーメイク, Memorī Meiku) to create new spells based on those he memorizes.[ch. 270] After Saber Tooth is defeated by Fairy Tail in the Grand Magic Games, Sting replaces Ziemma as guild master.[ch. 338] Other members of the guild include the novice celestial wizard Yukino Agria (ユキノ・アグリ
ア, Yukino Aguria) and the ninja-dressed wizard Dorvengal (ドーベンガル, Dōbengaru).[ch. 268, 283] One year after the battle with the Alvarez Empire, Yukino's older sister and Oración Seis member Sorano joins Saber Tooth to reunite with Yukino. Sting Eucliffe (スティン
グ・ユークリフ, Sutingu Yūkurifu), also called "White Dragon" Sting (白竜のスティング, Hakuryū no Sutingu), is a Dragon Slayer and one of the Twin Dragons with Roque Cheney.[ch. 258] He performs White Dragon Slayer Magic (白の滅竜魔法, Haku no Metsuryū Mahō), which gives him the ability to produce attacks of sacred light and fire laser beams
from his mouth. He can also activate Dragon Force at will.[ch. 294, 295] He appears to use this magic to kill his dragon guardian, Weisslogia (バイスロギア, Baisurogia), at the dragon's behest, to prove himself a "true" Dragon Slayers; [ch. 265] Weisslogia (バイスロギア, Baisurogia), at the dragon's behest, to prove himself a "true" Dragon Slayers; [ch. 265] Weisslogia later appears alive with the other Dragon Slayers guardians, explaining that Sting had been given
false memories of killing him to provide him with experience.[ch. 415] To fulfill a vow to his Exceed friend Lector (レクター, Rekutā), Sting aims to defeat Natsu Dragneel and prove to others that he killed a dragon.[ch. 295] During their two-on-two fight alongside Rogue and Gajeel Redfox, Sting is defeated by Natsu and gains new respect for Fairy
Tail,[ch. 296] succeeding Ziemma as Saber Tooth's master to improve his guild's image.[ch. 338] Rogue Cheney (ローグ・チェーニ, Rōgu Chēni), also known as "Shadow Dragon" Rogue (影竜のローグ, Eiryū no Rōgu), is Sting Eucliffe's partner.[ch. 258] His Shadow Dragon
Slayer Magic (影の滅竜魔法, Kage no Metsuryū Mahō) techniques include turning himself into a shadow to become intangible and firing shadows from his mouth.[ch. 294, 296] Like Sting, Rogue can activate Dragon Force at will, and has false memories of killing his own dragon guardian, Skiadram (スキアドラム, Sukiadoramu). He is accompanied by
Frosch (フロッシュ, Furosshu), a green Exceed who wears a pink frog costume.[ch. 258] During Gajeel Redfox's membership in Phantom Lord, Rogue apprentices himself to him under the name Lios (ライオス, Raiosu) out of distaste for his own name, but becomes disillusioned when Gajeel joins Fairy Tail. After losing to Gajeel in the Grand Magic
Games seven years later, Rogue acknowledges that Saber lacks the camaraderie Fairy Tail has, and joins Sting in improving his own guild.[ch. 338] During the tournament, a version of Rogue appears through the time travel gate Eclipse from an alternate future, corrupted by his inner evil after Frosch is killed by Gray Fullbuster in his timeline
"Future" Rogue combines his shadow magic with Sting's White Dragon Slayer Magic forcibly acquired after killing him in the future.[ch. 325] He tricks Hisui E. Fiore by advising her to use the time travel gate Eclipse as a weapon to save the kingdom from a dragon invasion,[ch. 323] setting the gate to allow seven dragons from the historical Dragon

[ch. 337] Minerva Orland Voiced by: Kikuko Inoue (Japanese); Anastasia Muñoz (English) Minerva Orland (ミネルバ・オーランド, Mineruba Orando) is Ziemma's daughter, who endures harsh training from her father at childhood to become Saber Tooth's most powerful wizard, giving her the same superiority complex as him.[ch. 388] Her Territory (絶対
 領土, テリトリー, Teritorī) magic grants her the ability to teleport and attack anything in her field of vision;[ch. 321] she also practices a set of highly destructive spells called the Magics of the Yakuma Eighteen Battle Gods (ヤクマ十八闘神魔法, Yakuma Jūhachi Tōjin Mahō).[ch. 312] She leaves Saber Tooth to exact revenge against Erza Scarlet after
losing to her in the Grand Magic Games,[ch. 343] which eventually leads her to be inducted into Tartaros as a demon named Neo-Minerva (ネオ・ミネルバ, Neo Mineruba).[ch. 370] After realizing the pointlessness of her rivalry with Erza, a reformed Minerva is rescued by Sting and Rogue, restored to her original form, and reinstated into Saber Tooth
[ch. 388, 416] Crime Sorcière Crime Sorcière (魔女の罪, クリムソルシエール, Kurimu Sorushiēru, French for "Witch's Crime") is an independent guild formed during the disappearance of Sirius Island. Its stated goal is to root out Zeref, and suppress anyone who attempts to use his power for evil. It acts under the Magic Council's radar. It initially
consists of its three founding members—Jellal Fernandes, Ultear Milkovich, and Merudy—as a means of atoning for their lifelong misdeeds.[ch. 339, 416] The guild is later legally pardoned of their past crimes by Hisui E. Fiore following the battle
with Alvarez Empire.[ch. 545] Jellal Fernandes Voiced by: Daisuke Namikawa[6] (Japanese); Robert McCollum[7] (English) Forced to work in the Tower of Heaven as a slave by a cult of Zeref worshipers who aim to revive the black wizard, Jellal Fernandes (ジェラール・フェルナンデス, Jerāru Ferunandesu) is manipulated by Ultear Milkovich into serving
Zeref under the guise of his spirit,[ch. 102] prompting Jellal to turn on his childhood friend Erza Scarlet and takes over the tower's construction.[ch. 83] At some point, he is appointed a member of the Magic Council and one of the Ten Wizard Saints as Siegrain (ジークレイン, Jikurein), a psychic projection of himself.[ch. 1, 48, 95] Using Heavenly Body
Magic (天体魔法, Tentai Mahō) techniques, Jellal can boost his speed to imperceptible levels, and produce powerful energy-based attacks akin to falling meteors. [ch. 96] Masquerading as Jellal's good twin brother, "Siegrain" tricks the other Council members into firing Etherion at the tower, allowing it to absorb the weapon's magic energy to become
operational.[ch. 94] He then attempts to sacrifice Erza to reincarnate Zeref, killing their friend Simon in a duel against Natsu Dragneel. He is defeated after Natsu consumes Etherion's residual energy to achieve Dragon Force, and is seemingly killed after the tower's destruction.[ch. 97-101] He is later found alive by the Oración Seis and revived to
 serve the dark guild, but suffers from amnesia and is shocked to learn of his past misdeeds from Erza.[ch. 136, 145] Despite fighting the Seis with Fairy Tail to atone for his actions, Jellal is arrested by Ultear and Merudy, who join him in penance
by forming Crime Sorcière.[ch. 263] Reconciling with Erza afterwards, she expresses her feelings for him which he does reciprocate. Jellal, however, decides to not enter a relationship with Erza afterwards, she expresses her feelings for him which he does reciprocate. Jellal, however, decides to not enter a relationship with her as he believes he is unworthy of her due to his past sins. He is eventually pardoned of his fugitive status by Hisui. Hiro Mashima created Jellal as a "self-
parody" of his previous series Rave Master, modeling the character's appearance after Sieg Hart.[vol. 3:afterword] Ultear Milkovich Voiced by: Miyuki Sawashiro[17] (Japanese); Lydia Mackay[7] (English) During her early childhood, Ultear Milkovich Voiced by: Miyuki Sawashiro[17] (Japanese); Lydia Mackay[7] (English) During her early childhood, Ultear Milkovich Voiced by: Miyuki Sawashiro[17] (Japanese); Lydia Mackay[7] (English) During her early childhood, Ultear Milkovich Voiced by: Miyuki Sawashiro[17] (Japanese); Lydia Mackay[7] (English) During her early childhood, Ultear Milkovich Voiced by: Miyuki Sawashiro[17] (Japanese); Lydia Mackay[7] (English) During her early childhood, Ultear Milkovich Voiced by: Miyuki Sawashiro[17] (Japanese); Lydia Mackay[7] (English) During her early childhood, Ultear Milkovich Voiced by: Miyuki Sawashiro[17] (Japanese); Lydia Mackay[7] (English) During her early childhood, Ultear Milkovich Voiced by: Miyuki Sawashiro[17] (English) During her early childhood, Ultear Milkovich Voiced by: Miyuki Sawashiro[17] (English) During her early childhood, Ultear Milkovich Voiced by: Miyuki Sawashiro[17] (English) During her early childhood, Ultear Milkovich Voiced by: Miyuki Sawashiro[17] (English) During her early childhood, Ultear Milkovich Voiced by: Miyuki Sawashiro[17] (English) During her early childhood, Ultear Milkovich Voiced by: Miyuki Sawashiro[17] (English) During her early childhood, Ultear Milkovich Voiced by: Miyuki Sawashiro[17] (English) During her early childhood, Ultear Milkovich Voiced by: Miyuki Sawashiro[17] (English) During her early childhood, Ultear Milkovich Voiced by: Miyuki Sawashiro[17] (English) During her early childhood, Ultear Milkovich Voiced by: Miyuki Sawashiro[17] (English) During her early childhood, Ultear Milkovich Voiced by: Miyuki Sawashiro[17] (English) During her early childhood, Ultear Milkovich Voiced by: Miyuki Sawashiro[17] (English) During her early childhood, Ultear Milkovich Voiced by: Miyuki Sawashiro[17] (English) During her early child

the quild's Seven Kin of Purgatory and adopts Merudy. As part of Grimoire Heart's plan, she manipulates Jellal Fernandes into becoming the dark wizard's servant, feigning loyalty to him as a member of the Magic Council. [ch. 239]
Eventually, Ultear realizes the truth about her mother while dueling with Gray Fullbuster, prompting her to help Fairy Tail defeat her master Hades and leave Grimoire Heart with Merudy, [ch. 241, 248, 250] Seven years later, when Rogue Cheney's future self uses Eclipse to orchestrate a dragon attack, Ultear contemplates killing the present Rogue.
However, she casts the forbidden time spell Last Ages (ラストエイジス, Rasuto Eijisu), which reverses time and allows her allies to foresee the dragons' moves within this critical time frame, preventing the deaths of several wizards. [ch. 333-335] The spell also rapidly ages Ultear into an elderly woman, and she leaves Jellal and Merudy to assume that
she has been killed in the attack.[ch. 339] Merudy Voiced by: Saori Goto[27] (Japanese); Bryn Apprill (English) Adopted and raised by Ultear Milkovich as a survivor of her hometown's destruction, Merudy (メルディ, Merudi), spelled "Meldy" in the English dub, becomes one of Grimoire Heart's Seven Kin of Purgatory.[ch. 230] She uses the Lost Magic

Its king is Toma E. Fiore (トーマ・E・フィオーレ, Tōma Ī
Fiōre), who also works incognito as "Mato" (マトーくん, Matō-kun), the pumpkin mascot of the kingdom's annual Grand Magic Games tournament.[ch. 325] Toma's daughter, Princess Hisui E. Fiore (ヒスイ・E・フィオーレ, Hisui Ī Fiōre, hisui (翡翠) meaning jade), organizes the confidential "Eclipse Plan" that entails using Zeref's time travel gate Eclipse
to travel back in time and kill him in his mortal state.[ch. 302] Participating in Hisui's plan are Arcadios (アルカディオス, Arukadiosu), captain of the kingdom's Cherry Blossom Holy Knights, who publicly masquerades as the project's mastermind to protect Hisui; defense minister Darton (ダートン, Dāton), who opposes the plan for its ramifications on
the timeline. Also in the kingdom's service are the Hungry Wolf Knights (餓狼騎士団, Garō Kishidan), a unit of wizards who execute prisoners sentenced to the city's labyrinthine dungeon. The designs for Hisui and the Hungry Wolf Knights sans their leader were submitted by readers as part of a character design contest in the book Chotto
Moorimashita, with Hisui's design being the winner.[vol. 37:197] Following Fairy Tail's battle with the Alvarez Empire, Hisui succeeds Toma as the kingdom's monarch. Magic Council (魔法評議院, Mahō Hyōgiin) is an organization that administers the legal guilds in Ishgal.[ch. 2] Initially chaired by Crawford Theme (クロフォード・
 シーム, Kurofodo Shīmu), the council's members have little tolerance for Fairy Tail's property-damaging tactics, despite their role in handling criminals and Ultear Milkovich, two of its younger members.[ch. 1] Another councilor, Yajima (ヤジマ), is Makarov
Dreyar's longtime friend who speaks in Fairy Tail's defense. [ch. 69] Other members include Org (オーグ, Ōgu), Michello (ミケロ, Mikero), Leiji (レイジ, Reiji), and Belno (ベルノ, Beruno). After Jellal and Ultear disgrace the council by tricking them into using the superweapon Etherion to activate the Tower of Heaven, [ch. 79] the council is reformed

[ch. 170, 176] It is also the home of several characters in the series, including Jellal Fernandes's counterpart Mystogan, and Exceed such as Happy

As opposed to Earth-land, magic is a limited resource in Edolas and cannot be used as a natural ability by humans, who instead use items combined with magic-infused lacrima crystals; [ch. 172] the Earth-land wizards are similarly only able to perform magic in Edolas after taking pills provided by Mystogan for this purpose. [ch. 180] The

Residing on a floating island called Extalia (エクスタリア, Ekusutaria), they are the only residents of Edolas capable of possessing magic as a natural ability, which they use to produce wings and fly with the spell Aera. Because of this, they are seen as angels by the humans of Edolas, with Chagot revered as a god who passes judgment on humans.
[ch. 176] Most of the Exceed population resent humans, casting out any Exceed who sympathize with them or ignore their divinity is a ruse devised by Chagot's court to protect their people.[ch. 188] Before their births, Happy and
Carla's eggs are sent to Earth-land along with 98 other unborn Exceed under the pretense of hunting and killing Dragon Slayers, [ch. 176] which is later revealed to be a cover for a discreet evacuation effort after Chagot foresees Extalia's eventual destruction caused by Edolas's loss of magic. [ch. 178] The entire Exceed race is transported to Earth-

Dragon King (炎竜王, Enryūō), is a dragon and Natsu Dragneel's adoptive father. He raises Natsu from infancy, teaching him language, culture, and the ability to use Fire Dragon Slayer Magic.[ch. 2] When Natsu witnesses Igneel's disappearance on July 7, X777, he begins a search for the dragon.[ch. 1, 66] His search results in him encountering
several other Dragon Slayers who have similarly lost their own dragon guardians on the same date. Fourteen years later, when Acnologia arrives at the battle between Fairy Tail and Tartaros, Igneel is revealed to have magically sealed himself inside Natsu's body all along, [ch. 400] as are the other dragons with their respective children, for the triple
purpose of preventing them from turning into dragons as a side effect of their Dragon Slayer Magic, waiting to personally eliminate Acnologia after the Dragon Slayers are fully inoculated, [ch. 414] and prolonging their own lives since they have lost their souls to Acnologia after the Dragon Slayers are fully inoculated, [ch. 415] However, Igneel is brutally killed by Acnologia and ascends back to
 higher plane of existence with his fellow dragons to watch over mankind. He also passes down the "Fire Dragon King Mode" to Natsu Dragneel after his death.[ch. 414, 415] Ur Voiced by: Miyuki Sawashiro (Japanese); Kira Vincent-Davis (English) Ur (ウル, Uru) is Ultear Milkovich's mother and Gray Fullbuster and Lyon Vastia's teacher. However, his actions inadvertently involve Fairy Tail in a guild war to protect her, resulting in Lucy breaking ties with her father.[ch. 67] Shortly
afterward, Jude becomes bankrupt and loses his estate, and takes up work at a merchant's guild, mending his relationship with Lucy.[ch. 130] He dies toward the end of Lucy's seven-year disappearance, but demonstrates his love and faith in his daughter's well-being by leaving her seven years worth of rent money and birthday gifts.[ch. 258]

that animal sidekicks can be fun to listen to and not just a necessary annoyance".[31] In his reviews of the Blu-ray/DVDs, Neil Lumbard of DVD Talk mentions the "strong likeability factor of each of the main characters".[32] Anime News Network writer Rebecca Silverman, in her review of the 20th volume, said, "Mashima still manages to get some
earlier in this arc, but the bond between him and Erza has been underlying their scenes for most of their page time together [in chapters 162 through 164]." However, she said that "for the romantics in the audience, Jellal is still a criminal, and the government wants him. And so they come for him," and pointed out that "Erza fans and detractors will
find it deepens her character a little while still finding it sad."[33] References Fairy Tail manga Entire series Mashima, Hiro, translated and adapted by William Flanagan. Fairy Tail (in Japanese). 63 vols. Tokyo: Kodansha, 2006–2017.
